

Exploring Future Possibilities in Environmental Careers

Environmental Studies Alum Panel

Nov 29 | 4:30-5:30 PM
virtual panel via Zoom

Join the Miller Worley Center for the Environment for a panel showcasing alums who pursued environmental studies during their college careers or who are working in related fields. This is an opportunity for current students to hear about possible career paths and the experiences of alums both during their time at Mount Holyoke and beyond.

Visit Embark or the MHC Events calendar for registration information.
