

# MOUNT HOLYOKE CHAPTER OF ASSOCIATION FOR WOMEN IN MATHEMATICS

## INTERMEDIATE LATEX WORKSHOP

If you have typed up your homework assignments using LaTeX, it's time to take your skills to the next level! Join us to learn beyond-the-basics of this free typesetting software. We will talk about organizing longer projects, including: creating and labeling sections and subsections, creating a table of contents, editing page numbers, and creating a bibliography. The workshop will be in-person, so bring your own device to use and your questions.

**March 2nd 5:30-7:00, Clapp 407**
